NEW PATIENTS WELCOME

I provide comprehensive sexual and reproductive healthcare for male, female, pregnant and gender diverse, Indigenous people, migrants and sex workers.

I am an S100 prescriber for people living with HIV, HBV or HCV and need PrEP or PEP.

Billing possibilities:

Mixed billing
Bulk billing
Private billing

Sexual & Reproductive Health:

Testing and treatment for HIV, anogenital warts, bacterial vaginosis, candidiasis, vaginal ulcers, herpes, syphilis, gonorrhoea, chlamydia, mycoplasma, viral hepatitis C & B. Prescription of emergency contraception, contraception, HPV, HBV and HCV vaccination.

HIV Prevention and Care

Management of HIV infection including prescriptions for HIV medications, HIV PrEP and HIV PEP.

Transgender Healthcare

Consultation of gender dysphoria. Prescriptions for gender-affirming hormones for transwomen and transmen and non-binary people.

Consultation and referral for top and bottom surgery, speech therapy and facial feminisation surgery.

Female Genital Mutilation

Including counselling and management of recurrent urinary tract infections, reproductive health, sexual function and referrals for correction surgery.

Sexual Function

Assessment and management of vaginismus, persistent genital arousal disorder & dissatisfaction, erectile dysfunction, early ejaculation, prostatitis, chronic pelvic pain, hypogonadism, referrals for adult male circumcision and concerns around sexuality.

Prescriptions for medications such as HRT, Viagra, Cialis and Levitra and topical/systemic oestrogens & testosterone for women and men.

HTLV testing and assessment

Including counselling and family testing.

Telehealth

This can be arranged if deemed safe and suitable for optimal patient care.

Sex worker support

I am happy to provide Sexual Health Certificates for sex workers in licensed brothels and freelance sex workers.

As a specialist Sexual Health Physician, I have been working in sexual health, HIV and HTLV medicine for more than 20 years in the UK and Australia. I am very excited to have joined the Stonewall Medical Centres team, knowing of their passion and expertise in supporting our patients on their journey of long-term well-being.

I am also a Senior Research Fellow at School of Public Health at Faculty of Medicine at University of Queensland. As a medical educator I am keen on training future medical doctors to provide non-judgmental, inclusive and patient lead health care.

Warmly,

Fabiola
