NEW PATIENT REFERRALS WELCOME

I provide comprehensive sexual healthcare for male, female, transgender and gender diverse patients, LGBTI people and sex workers.

Sexual Health Checks

Testing and treatment for HIV, anogenital warts, bacterial vaginosis, candidiasis, herpes, syphilis, gonorrhoea, chlamydia, mycoplasma, hepatitis B & C. Prescription of emergency contraception, HAV, HBV and HPV immunisation.

I am happy to provide Sexual Health Certificates for sex workers in licensed brothels, and freelance sex workers.

Transgender Healthcare

Assessment and management of gender dysphoria. Prescriptions for gender-affirming hormones for transwomen, transmen and non-binary individuals (oestrogen, anti-androgens and testosterone).

Consultation and referral for top and bottom surgery, speech therapy, and facial feminisation surgery.

HIV Prevention and Care

Management of HIV infection including prescriptions for HIV medications:

HIV PrEP

HIV PEP

Sexual Function

Assessment and management of erectile dysfunction, early ejaculation, referrals for adult male circumcision and concerns around sexuality.

Prescriptions for medications such as HRT, contraception, local oestrogens, Viagra, Cialis and Levitra, and testosterone for men with androgen deficiency.

As a specialist Sexual Health Physician, I have been working in sexual health and HIV medicine for more than 30 years in Australia, Africa, Asia and the Pacific. I thoroughly enjoy working with the Stonewall team and share their passion and expertise in supporting our patients on their journey of long-term sexual well-being.

I am also a Senior Clinical Lecturer in the Faculty of Medicine at University of Queensland. As a medical educator I am keen on training future medical doctors to provide non-judgmental, inclusive and patient-lead health care.

Sincerely

Graham
