

IMPORTANT INFORMATION FOR PATIENTS ATTENDING STONEWALL MEDICAL CENTRE

Fee Policy

Stonewall is a mixed billing practice which means each doctor sets his or her own fees for services. All current concession card holders are Bulk Billed. A full list of fees and descriptions are available at reception.

Please bring your Medicare card with you to all appointments. Medicare rebate options include taking your receipt to Medicare and claiming in person or reception staff sending your claim to Medicare at your request. Acceptable payment methods include cash, Visa, Master Card, AMEX or EFTPOS. We do not accept cheques or accounts.

Appointments

We provide comprehensive, confidential, holistic care. Consultations are by appointment only. Urgent cases are seen by the first available doctor. Long consultations are available by arrangement with your doctor. Walk-ins can be offered the next available appointment depending on urgency. Please contact the receptionist for the times that your doctor is available. We are open:

Monday & Thursday	8.30AM – 7.00PM
Tuesday, Wednesday & Friday	8.30AM – 6.00PM
Saturday	8.30AM – 12.00PM

We are closed weekdays 1:00PM–2:00PM

Parking & Access

Car parking is available at the rear of the practice or the side street. There is a ramp at the front entrance for patients unable to negotiate stairs.

Home Visits

Should you be too ill to attend the practice, an urgent home visit may be arranged with your doctor or the doctor on call, after hours. Home visits can usually only be conducted outside normal clinic hours and are privately billed. Visits beyond 10km of the practice need to be discussed with the doctor. Home visits are only provided to existing patients of Stonewall.

Reminder Systems

Stonewall provides and uses reminder systems as part of our patient care. If you do not want to be included in these systems please speak to your doctor. The QLD Pap Smear Register only offers an opt-off system. To be excluded from this register please, speak to your doctor.

Interpreting Services

If you require a translator or interpreter please notify reception when booking your appointment. This is a phone service (if 48 hours' notice is given one can be provided onsite). A free interpreting service is also available for people who are deaf and speak Australian Sign Language.

Prescriptions & Referrals

Please request prescriptions and referrals during your consultation. For different reasons your doctor may need to see you in person for prescriptions and referrals. If requested outside a consultation, please expect up to 2 working days before your script will be ready for collection. A script fee will be charged. **There is no Medicare rebate for this fee.**

Telephone Calls to Doctors

Interruptions during a consultation can be very distracting for both doctor and patient. Most queries are best dealt with in person during a consultation at the clinic.

If it is necessary and appropriate, your doctor may discuss your query by phone. If your doctor is consulting when you call, you may leave a message and the call will be returned as soon as practical. Calls are returned in order of priority.

Cancellation / Non Attendance Policy

We require a minimum of (2) two hours notice for cancellation of a GP appointment. (24 hours' notice for Specialist, acupuncture and counseling appointments). If no notice is given or you do not attend your appointment a fee may be charged to you. This fee is not eligible for rebate from Medicare or any health fund and must be paid prior to making your next appointment.

Results

Some test results may be obtained by calling the reception desk. A doctor will review all results before making them available. For various reasons your doctor may prefer that you make an appointment to discuss your results. The receptionist can only advise you of this and can make no further comment.

Communicating with us

We may use email as a method of communication but cannot guarantee the security of information being sent or received so will password protect all attachments being sent. Please call us on 07 3857 1222 or fax information to us on 07 3857 2333. We encourage results to be sent securely via an encrypted service like Medical Objects or similar.

Privacy and Personal Health Information

Stonewall maintains security of personal health information at all times and ensures it is only available to authorised members of staff.

If you would like access to your health information we support this, we want all information sharing to generate understanding rather than misunderstanding for the purpose of mutual benefit. For more information please ask for our privacy information sheet or speak to your doctor. **Records are kept of each interaction.**

Complaints & Suggestions

If you are particularly happy or unhappy with any aspect of the care you receive from this practice we are keen to know. Please feel free to talk to your doctor or the practice manager.

We believe problems are best dealt within the practice. However, if you do feel there is a problem you wish to take up outside, you may prefer to contact the Office of the Health Ombudsman for handling complaints.
